SIR,

I have the honor to state that the members of the Mallasandra Co-operative Society, Ltd., in the Bagepalli Taluk have resolved at a general meeting held on 22-10-1915 to borrow Rs.10,000/- for eight years with a view to instal a sugar-cane crushing and jaggory manufacturing machinery.

The society consists of 24 members who have taken up 100 shares of Rs.100 each. They have thus accepted liability to the extent of Rs.10,000/- which they are able to meet easily.

The Inspector who conducted the investigation reports that the people require a machine with only two furnaces, the probable cost of which is estimated to be about Rs.10,000. He was helped in this connection by Messrs. G. Subbasami Iyer, Superintendent of Industries and Commerce, and F.S. Raghavachar, Economic Superintendent, Kolar District.

The members have already paid a sum of Rs.1,000/-

3

a tenth part of the probable cost of the machinery, and deposited the same in the Bagepalli Taluk Treasury.

The members are very eager to have the machinery installed before December next, to enable them to deal with the crop which will be ready by that time. They have also passed a resolution authorising you to utilise the amount of their loan for the purchase and installation of the necessary plant.

In the above circumstances I recommend that the application of Mallasandra Co-operative Society for a loan of Rs.10,000/- for installing the machinery required for crushing sugarcane and manufacturing jaggory may be granted.

As in the case of Bannur, arrangements may kindly be made for the erection of the necessary buildings and plant etc., for the working of the mill by the Department of Industries and Commerce, for one year on behalf of the society, the members on their part, undertaking to bring all their sugarcane to the mill and to pay the milling charges before taking delivery of their jaggory.

1. Copy of Inspector's report. 2. Loan application. 3. Copy of the general meeting proceedings. 4. Share list.	The marginally noted papers are herewith forwarded.

It is not necessary for me to point out the extreme urgency of obtaining the orders of Government regarding these sugarmills. To-day is the 16th of November and it is obvious that the plant cannot be installed before December next.
